WHAT WE DO

How to keep hygiene in our fridge and freezers

In order to maintain the good hygiene of our foods, favorite drinks and products, it is advisable to clean the fridge once a month. This way, we will avoid creating a mess of foods that show off bad odors and harmful bacteria that are inside your

fridge or freezer.

- ✓ Remove unpleasant smells
- ✓ Remove all types of bacteria
- ✓ Deep disinfection
- ✓ Sterilizing and preserving your food for eco-life
